EXPERIENCE

Reporting & Operations Manager | Dealers United (D.B.A BuyerBridge)
Mar. 2024 – Present

Lead client operations, reporting strategy, and cross-functional projects for a portfolio of 200+ B2B automotive clients. Participate in client calls to troubleshoot and resolve service issues. Develop enterprise-level BI dashboards using Looker and LookML. Strategize and implement ongoing GEO and AEO (including Chat GPT ads) for clients.

- Supported the go-to-market rollout and conference sales of SaaS products (SEO Flow, VINFlow).
- Managed digital ads across social platforms and streaming ads using MNTN.
- Configured SPF/DKIM/DMARC records to launch StackAdapt email campaigns using programmatic streaming audiences.
- Built API integrations using Google AppScript to sync ad reporting, streaming, and email data into Google Sheets.
- Deployed LLM-powered agents and custom RAG workflows daily to cross-reference sales lists with VIN data in GA4.
- Created a Claude artifact to ingest CRM data to create a shared client-onboarding task list that auto-updates HubSpot.
- Built a Claude artifact that crawls sites to find Google tags and reports results into a shared dashboard.
- Used Claude to create a playbook workflow that automated ad creative to live Facebook campaign deployment.
- Used N8N and Zapier to create an AI workflow to analyze Zoom meetings, rate efficacy, and email results to c-suite.

EXPERIENCE *CONTINUED*

Technical Lead | Dealer Online Marketing Group (D.B.A. Dealer OMG)

Jan. 2021 - Mar. 2024

Owned technical marketing operations, product rollout, and project strategy for 130+ dealership clients. Represented the organization as a technical subject matter expert through client interactions and industry conferences.

- Automated Facebook lead delivery into client CRMs using LeadsBridge.
- Built the company website using Divi/WordPress and managed ongoing SEO (Yoast & RankMath).
- Configured DNS records within the website to establish domain and email routing.
- Supported the go-to-market rollout of the vinAMP SaaS product and drove direct sales at industry conferences.
- Created automated HubSpot workflows to route website leads to email.
- Partnered directly with inventory feed providers (HomeNet & vAuto) to manage inventory data delivery via sFTP.
- Queried DMV datasets using SQL within Google BigQuery.
- Configured custom website event tracking using JavaScript within HTML tags via Google Tag Manager.

Senior Social Media Manager | Insignia Nexus (D.B.A. Insignia SEO)

Jun. 2020 - Dec. 2020

Managed the complete lifecycle of advertising for 26 multi-vertical clients including: Graphic design of all assets, copywriting, paid strategy, digital ads buying (Facebook Ads, TikTok Ads, Snapchat Ads, and Google Ads), website (Wordpress & Shopify) management including SEO strategy (SEMRush, Ahrefs, & Google Search Console), and ongoing client support.

- Used Schema.org to generate markups to optimize for semantic search as part of ongoing SEO strategies.
- Established the company as a Facebook Marketing Partner within 4 months.
- Promoted to Senior Manager in 90 days.
- Managed the team of Social Media Coordinators including performance reviews and weekly scrums.
- Created an automated workflow in Make (formerly Integromat) to route leads from Facebook to text.

Digital Strategist & Ad Buyer | Public Blueprint

Dec. 2019 - Jun. 2020

Directed multi-channel digital ad strategy for B2B political and legislative outreach clients. Managed paid ad strategy and execution across Facebook, Google, and LinkedIn and advise clients on digital strategy.

- Built a workflow to route WordPress-based leads to legislative outreach campaigns.

Performance Manager | Dealer Online Marketing Group (D.B.A.Dealer OMG)

Apr. 2019 - Dec. 2019

Built and managed paid Facebook Ads campaigns and CRM operations for a portfolio of B2B dealership clients, overseeing creative design (Adobe Photoshop), copywriting, performance monitoring, and budget management. Led client-facing reporting and strategy meetings. Worked primarily with Facebook ads manager to create cross-channel social media ads.

- Managed the Profitability Summit event at Meta's Austin headquarters; coordinating event planning and execution.
- Built and managed the company website using HubSpot.
- Automated Facebook lead delivery into client CRMs using LeadsBridge.
- Analyzed ad metrics with Pixel & Google Analytics.
- Managed 17 client accounts within the first 6 months.

Marketing Specialist | Texas Workforce Commission

Jan. 2018 - Apr. 2019

Led end-to-end project management, from concept to delivery, of creative content for public-sector marketing projects and digital campaigns. Defined key performance indicators (KPIs) and associated tracking mechanisms. Supported the development of social media messaging, editorials calendars, monitoring, and scheduling.

- Managed the launch and UX/UI design of WorkInTexas.com, through cross-functional communication.
- Identified 8 areas of resolvable operational waste using Lean methodology.
- Assisted in saving $3,000 in the first month through in-house photo editing (Adobe Photoshop).
